

TRANSFORM YOUR LIFE WITH WIRELESS DISPLAYS

WHO IS EZCast?

Actions Microelectronics Co., Ltd., the owner of EZCast brand, was established in 2006 with capital of USD 10M, with trademarks registered and patents approved in 30+ countries.

From SoC chips, system solutions to cloud platforms integration, our expertise in vertically integrating technology and supply chains allows us to provide the complete wireless display solutions to enterprise presentation solutions, projectors, and home entertainment markets.

With more than 100 talented employees from Asia, North America and different regions around the world, our team Strives for perfection in every aspect of the user experience, and making multimedia content viewing and information sharing experiences easier than ever before.

Actions Microelectronics ships more than 10M in-house designed SoC chips around the world every year

Actions Microelectronics is a world-famous SoC chip designer. Our in-house designed, proprietary chipsets are found in well-known projector and wireless display devices around the world.

EZCast integrates cloud services to drive greater customer experience

EZCast provides cloud and software solutions in addition to the physical products to expand the product features. Ongoing OTA updates are available to complement a responsive customer support team for greater customer experience and satisfaction.

EZCAST EMBRACES THE LATEST WIRELESS DISPLAY STANDARDS AROUND THE WORLD

EZCast has been a main player in driving the advancement of wireless streaming and display standards around the world.

We have been heavily involved with HDMI, DLNA and HDCP forums, and continue to maintain compatibility of DLNA, Miracast and iOS's native Screen Mirroring with our products.

- 2003 Digital Living Network Alliance (DLNA) was founded
- 2010 Apple released AirPlay Screen Mirroring
- 2012 The Wi-Fi Alliance introduced the Miracast standard

SPEEDING UP

the natural evolution of wired to wireless displays

From wired telephones to mobile phones, from cable connected internet to Wi-Fi networks, the world is progressing from wired to wireless era.

Next step, the old and inflexible cable-connected displays are going to be replaced by the new and adaptable wireless displays that transmit media content over Wi-Fi networks.

EZCast is committed to enabling wireless display technology and popularizing wireless display products around the world.

End the wait now, forget about the cable! Speed up the transmission, save time for other meaningful things.

WE KNOW IT BEST AND DO IT WELL, FROM A TO Z.

EZCast is known for our expertise in the entire hardware production process, from start to finish

From SoC development to PCB design, manufacturing to quality assurance, EZCast is an expert in managing the supply chain and manufacturing process to make sure only the best quality products are presented to our customers.

10 MILLION WORLDWIDE USER BASE MAKES EZCAST GROWS SIGNIFICANTLY

EZCast has more than 10M users around the world who use the complete EZCast solution for work and leisure applications.

WE KNOW THE WORLD AS WELL AS THE WORLD KNOWS US EZCast works closely with many well-known partners around the world

EZCast is trusted by a huge network of global strategic partners, many of which are major high tech brands in consumer and business segments.

WE WORK HARD IN SILENCE, LET OUR PRODUCTS DO THE TALKING

EZCAST HAS GROWN RAPIDLY AND STEADILY OVER THE YEARS

LEADING THE WIRELESS DISPLAY REVOLUTION

Plug and play

Host control

4-to-1 split-screen display

FOR ENTERPRISES

QuattroPod

Powered by EZCast Pro

A simple click, to cast secured wireless presentations

QuattroPod was awarded Best Choice Award during Computex 2019

QuattroPod was the winner for the Enterprise Application & Service category.

Judges have praised QuattroPod's convenient setup, where any smart device can plug into a QuattroPod transmitter to cast wireless presentations with a click.

QuattroPod Powered by EZCast Pro

Wireless presentation as easy as plug and play

Share screens from your favorite smart device with plug and play. No app required.

Host control to administer the pace of meetings

Control your meetings with QuattroPod to ensure staying on topic and making informed decision.

4-to-1 split-screen display to compare charts and graphs

Display up to 4 sources at the same time for better clarity in real-time information sharing. So you can see the full set of data to support decision making.

Multiple devices support for BYOD workplaces

QuattroPod supports multiple interfaces for most productivity tools such as PC, Mac, iOS and Android devices. Simply connect your devices to our transmitter to enjoy a quick, stable and high quality WiFi display environment.

Touch back control for more flexibility in presentations

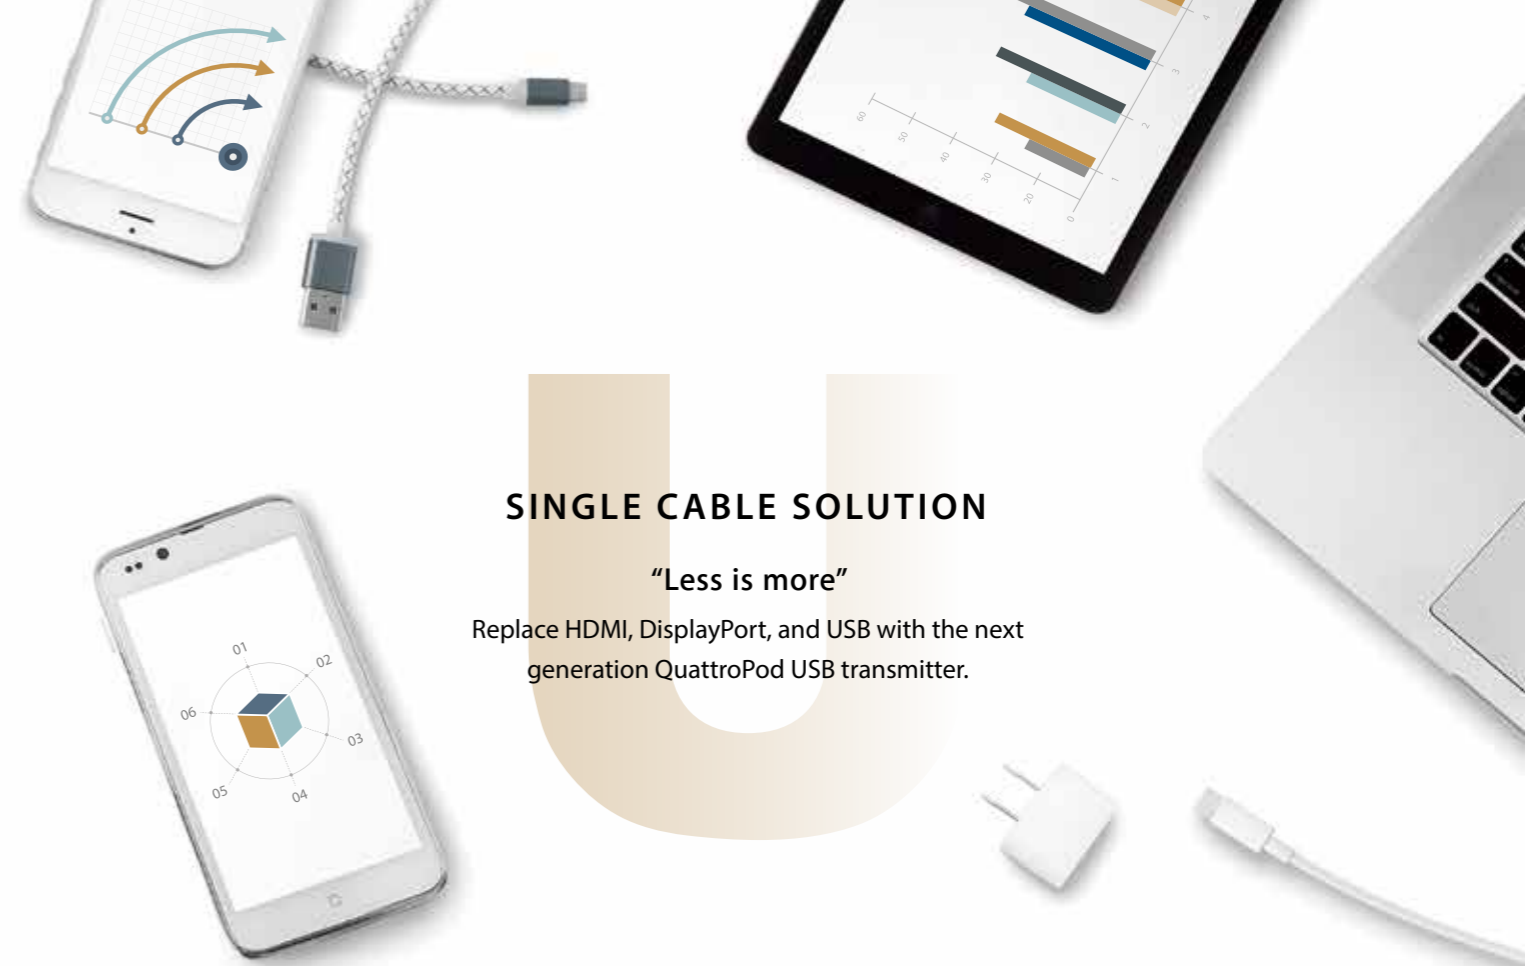

Make the touch screen command your laptop, wirelessly. So you have complete control over your presentation even on stage.

QuattroPod USB

NEXT GENERATION USB SINGLE
CABLE TRANSMITTER

PLUG and CAST.

QuattroPod USB is an intuitive cross-platform wireless casting solution. We have slimmed down the transmitter to one single USB interface. It's time to ditch the cables for a hassle-free experience.

SINGLE CABLE SOLUTION

"Less is more"

Replace HDMI, DisplayPort, and USB with the next generation QuattroPod USB transmitter.

Instant Plug and Cast

Instant App-free casting

Touchback control

Control your device wirelessly with touch panel

Cross platform compatibility

Compatible with major OS systems

Mobile friendly support

Support with mainstream mobile devices

QuattroPod ^{Lite}

THE ULTIMATE DUMMY KIT

HDMI PORT ONLY WIRELESS
CASTING SOLUTION. REPLACING
ALL THE PHYSICAL CABLES.

POWERFUL 4K

Bring every detail into your office

Zero learning curve

Plug and Cast, zero configuration

Practical and Effective

It's time for the basics. One on one mirroring.
Get ready to be impressed by the simplicity
and accessibility.

Mobile Friendly

Mirror your smart device directly

QuattroPod

Share ideas with a click

A simple plug and play interface for mobile devices and laptops. Share ideas with a click without compromising enterprise security.

QuattroPod (2T1R / 4T1R)

QuattroPod Mini (2T1R / 1T1R)

QuattroPod Mini

A more portable way to share ideas

A smaller transmitter streamlined for portability, with an optional battery pack to let you present wirelessly from any corner of the room.

QuattroPod USB

A single USB cable to rule all USB devices

A transmitter with only one USB cable to support Most USB products. Never worry about HDMI, DP and other connectors anymore.

QuattroPod USB (2T1R / 1T1R)

QuattroPod Lite (1T1R)

QuattroPod Lite

The ultimate dummy kit

HDMI port only wireless casting solution. Replacing all the physical cables.

BRAND YOUR WIRELESS PRESENTATION PRODUCTS BY "EZCAST PRO PARTNER PROGRAM"

Build Edge-Cutting Products with Competitive Prices.

EZCAST PRO PARTNER PROGRAM

The Powered by EZCast Pro program is comprised of EZCast Pro cutting-edge wireless presentation technology, enabling partners to leverage EZCast Pro products and create its product line.

As a system integration provider, have you been dreaming of building your wireless presentation products? Now is your chance to join us!

Start your wireless presentation business and build products with EZCast Pro technology, outperforming other competitors at less than one-tenth cost.

Want to know more? Contact us now.

FOR EDUCATION

EZCast Pro

Intuitive wireless presentation solution with interactive note-taking tools

Supports devices of all OS

Supports 1-to-many screens

Real-time note-taking

CONDUCT CLASSES AND CONFERENCES USING COMPLETE EZCAST PRO SOLUTION FOR MAXIMUM EFFICIENCY AND EFFECTIVENESS

Teachers and speakers can conduct lectures using their favorite mobile phone or laptop. The companion EZCast Pro app has many features to improve student engagement.

Teachers can use EZBoard to share ideas clearly to students and give them quizzes on-the-fly. Students and audiences can take real-time notes with EZNote for better memory recall.

Conduct lessons from any smart device

Supports wireless presentations from any smartphone and laptop, so you can make presentation using your favorite devices effortlessly.

Real-time note-taking tools for greater effectiveness

Use the EZNote feature of EZCast Pro app to let students and audiences take real-time notes for better learning experience.

MULTI-SCREEN BROADCASTING WITH PROCAST APP FOR LARGE LECTURE THEATERS

ProCast app is a convenient way to wirelessly broadcast laptop content to multiple receivers in real-time.

It is a great way to setup multiple screens to cater a large lecture venue without adding complexity to the equipment.

Display media in split-screens for better storytelling

Display up to 4 sources at the same time to present stories and explanations better.

Full-featured productivity app

EZCast Pro app is designed to improve engagement in lectures and meetings, including note-taking features built for improving productivity and follow up.

EZCast Pro BOX II

Multi-screen receiver with both 5GHz Wi-Fi and LAN support

Supports multi-screen setup for larger speaking venues using both LAN and 5GHz Wi-Fi for more stable presentation experience.

EZCast Pro II

Next generation wireless presentations

Faster 5G Wi-Fi support with 4K capability to deliver faster and more vivid presentations.

Supports multi-screen setup for larger speaking venues.

CENTRAL MANAGEMENT SYSTEM

The CMS is an application that enables enterprise users to manage QuattroPod and EZCast Pro wireless devices with efficiency. It provides IT admin with an overview of all QuattroPod and EZCast Pro installed within the company network.

By integrating CMS into the existing infrastructure, the IT admin can truly embrace the automation, which is the key to digital transformation and optimization.

Mass Deployment and Configuration

Handle your devices and accelerate deployment more effectively.

The CMS will help to build a more consistent infrastructure within the organization.

Smart Device Grouping

Grouping your QuattroPod and EZCast Pro devices can make IT management easier.

For example, different configurations can be deployed automatically to each group based on your using scenarios.

Emergency Alert System

During an emergency situation, a CMS admin can disable screen mirroring and announce an emergency evacuation. It can make your company a safer place.

Digital Signage Management

Set up the wireless digital signage system easily. By using CMS, we can turn your laptop into a digital signage server and control center.

Automation of IT Operations

CMS is designed to automate daily IT operations like updating firmware, rebooting device, collecting logs. From now on, IT management has become much simple.

Screen mirroring through charging cable

Wireless projection

Up to 30,000 hours of lamp lifetime

FOR PORTABLE ENTERTAINMENT

EZCast Beam

Project your smartphone contents anytime, anywhere

Stop phubbing alone, enjoy the sharing contents together

EZCast Beam H3

Native 1080P 5GHz WiFi projector for both work and leisure at home

Native 1080P output
Beam H3 ensures you an unparalleled cinema-like watching experience.

Cable and wireless projection
Dual-band 2.4G/5G lets you enjoy faster and more stable streaming.

USB Type C and HDMI connectivity
Beam H3 features USB Type C and HDMI ports to provide maximum compatibility with external devices.

Project perfectly from any angle
With 2D keystone, you can easily find the right location for your projection.

Auto portrait projection
Lets you well project upright images and mobile phone's content with full screen.

Multimedia support
Beam H3 can meet all entertainment needs with its complete I/O interfaces and upgraded Bluetooth speaker.

EZCast Beam V3

A HOME PROJECTOR YOU COULD EASILY FALL FOR

2 best ways to watch

Besides the horizontal projection, the innovative portrait mode lets you well project upright images and mobile phone's content with full screen.

View from any angle

With 2D electrical keystone, adjust the images from horizontal and vertical direction with remote, make every corner of image clearly.

Tailored for mobile

Groove for mobile. Enjoy the stable performance by using a charging cable to screen mirror your mobile.

Enjoy streaming at greater speeds

Supports dual-band 2.4G/5G Wi-Fi network to enjoy faster and more stable streaming.

Gone wireless to the fullest

No matter which OS device you use, amazing wireless projection experience with EZCast Wi-Fi adapter.

More than you can imagine

Now with portrait projection, 2D electrical keystone – and a new groove designed for mobile phone – EZCast Beam V3 delivers unparalleled projection experience. Simply plug in the EZCast Wi-Fi adapter and it's ready to use with all popular OS devices and projects wirelessly. Plug and screen mirror with a charging cable, immersing you in high-quality projection.

Connection

EZCast Beam J2 is a Mini Rechargeable Smart DLP Projector for both leisure and business uses. The onboard Wi-Fi, HDMI, USB ports let you screen mirror with or without cables. The cross platform compatibility allows streaming with DLNA, Miracast, AirPlay from any iOS, Android, Windows, Mac device.

EZCast Beam J2

A mini WiFi rechargeable projector for 5 hours playtime on a single charge.

- 2D auto keystone and portrait mode for projecting mobile content with full screen.
- Ideal for outdoor and indoor use.

EZCast Beam V3

Portable WiFi projector designed for mobile phones.

- Supports cable and WiFi connection.
- 120Hz refresh rate offers smoother motion and less input lag.

EZCast Beam H3

A 1080P native WiFi projector supports all the latest devices with a USB-C port.

- Enjoy 1080p native output and 150" cinematic viewing experience.
- Features USB-C and HDMI ports to provide maximum compatibility with external devices.

 **EZCast** FOR HOME ENTERTAINMENT

4K HDR video decoder

Supports voice control

Supports devices of all OS

Enrich your home entertainment with smart media streaming receivers

EZCast TwinX Package

JUST A CLICK AWAY

Contains EZCast TwinX C-1 transmitter and EZCast Compact wireless display receiver - EZCast TwinX Package allows you to click & mirror games or presentations from whichever app and devices you use

EZCast TwinX Package

EZCast Compact + EZCast TwinX C-1

One button control
Plug and play in seconds

1080P/60 fps output

Media Streaming

USB-C Support

Type-C interface

Support mobile phones, tablets, and laptops with a Type-C interface.

Multiple OS support

Screen mirror your favorite videos, games, or presentations from all popular devices.

Plug and play

Plug and play in seconds without any app installation or mode setting.

Support popular protocols

Support Miracast, Airplay, DLNA, Google Cast.

Maximize home entertainment

Enjoy fantastic videos on HDTV from whichever apps you like and whichever device you use.

Mirroring or extension It's up to you!

Mirror movies onto a bigger screen or extend works to another screen to multitask in the home office.

EZCast Ultra

4K HDR STREAMING SUPPORT
FOR VIVID ENTERTAINMENT EXPERIENCE

Enjoy 4K video streaming without latency and maintain vivid images across a wider dynamic range.

Play UHD videos at 60 frames per second and see more detail in whiter and darker regions, so your eyes can enjoy a more immersive experience.

Bluetooth 4.2 for better connections

Dual band wireless with high performance

Autoplay your favorite playlists

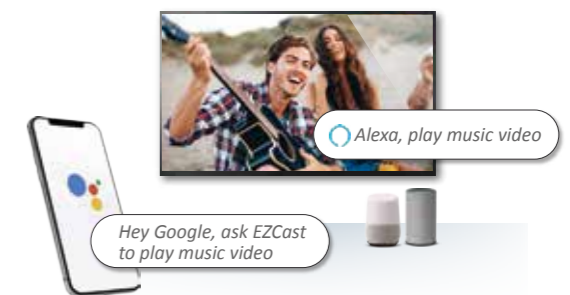

Innovation is in the details

It provides 4K HD/HDR ultimate viewing experience and 4K/60fps smoother video displays.

Multi-OS Support

Support Windows, macOS, Android and iOS.

Get more done with just your voice

Use smart speakers and AI assistants on your smartphone to command EZCast to search and play your favorite videos.

Go beyond streaming with DLNA

CONTROL YOUR MEDIA EXPERIENCE HANDS-FREE WITH VOICE CONTROL

Use AI assistants on your smart devices to discover videos with voice search, then play, pause, or rewind videos on voice command.

EZCast is compatible with all the popular smart speakers, like Google Home, Amazon Alexa, so you have more ways to enjoy your smart home entertainment.

 Alexa, play music video

Hey Google, ask EZCast to play music video

 English / 中文 / 日本語

Embracing all types share media with your friends no matter what OS they use?

EZCast solution is compatible with all popular OS and screen mirroring standards, including Miracast and iOS Screen Mirroring. No matter what kind of smartphones your friends use, you can easily broadcast the media entertainment to your TV.

Advanced dual band Wi-Fi support for smoother streaming

Supports both 2.4G/5G Wi-Fi networks to make wireless display a smooth and stress-free experience.

EZCast Ultra

True 4K HDR wireless display receiver

EZCast Ultra is designed for the most dynamic and immersive home entertainment experiences. Stream 4K HDR videos from internet or from your mobile devices to UHD TV in 60 FPS with no lag.

EZCast Classic

The most popular 5GHz wireless display receiver

The classic wireless display receiver that seamlessly streams Full HD content across 5GHz Wi-Fi.

Magic Ether

Lightning fast internet setup with Ethernet connection

Just plug in an RJ45 cable to setup the internet, ready for screen mirroring in seconds. A more stable streaming experience through Ethernet with the flexibility of wireless casting.

Magic Link

Upgrade router into a wireless display receiver

Turn your router into a home entertainment unit with MagicLink. Also works as a USB to HDMI adapter for Windows and macOS laptops.

EZCast Compact

Next generation portable receiver

Clean design that hides all the external Wi-Fi modules in a tiny package. Just plug in the TV and power adapter to start casting wirelessly.

ACCESSORIES

EZCast Accessories

Keep your laptops and projectors connected and transform them into EZCast receivers

MU-MIMO support

Hotspot mode

Dual band 2.4G/5G Wi-Fi support

HOTSPOT AND STATION MODES MAKE SURE ALL YOUR DEVICES STAY CONNECTED

Use EZCast Wi-Fi adapters to ensure fast Wi-Fi network connection on your laptops and PCs

The adapters can also expand your PC or laptop's internet connection into a Wi-Fi hotspot to keep all your surrounding devices connected.

High performance and better connections

Supports dual band 2.4G/5G Wi-Fi network to enjoy the freedom of internet at greater speeds.

Supports both Windows and macOS devices

Supports multiple OS, so no matter what laptop you use, you will never be without internet.

Boosted network speed with MU-MIMO

MU-MIMO was created to support environments where multiple users are trying to access a wireless network at the same time. With MU-MIMO technology, the EZCast USB Wi-Fi adapters can provide faster network speeds to multiple devices.

EZCAST[®] S8000

Plug and Play

Just connect your SSD to your laptop or mobile's USB port to expand your storage.

Supports fast read/write

Equipped with USB3.1 Gen2 interface and provides up to 900 MB/s read/write performance.

Supports mobiles and laptops

It's compatible with the most popular OS, including Windows, macOS, Linux, and Android.

Product	EZCast S8000
Output interface	USB3.1 Gen2 Type-C
Transmission speed	6 Gbps
Capacity	2TB MAX
Installation	Screw fixing
Supported system	Windows/macOS/Linux/Android
Form factor	M.2 2232/2240/2260/2280
Performance	Sequential read: up to 900 MB/s Sequential write: up to 900 MB/s
Features	PCIe Gen3x2 to USB3.1 Gen2 Compliant with NVMe Express

MODULES

EZCast & *QuattroPod* Modules

Empower your TV, monitor, and projector with wired / wireless display capabilities

Empowers products with Wi-Fi display

Compatible with EZCast & QuattroPod TX for HDMI to WiFi bridging

OTA firmware upgrade capability

EQUIPS YOUR PRODUCTS WITH VOICE CONTROL

Makes your products compatible with all the popular smart speakers, like Google Home, Amazon Alexa.

"Which video do you want to play?"

EMPOWERS PRODUCTS WITH WIRED/WIRELESS DISPLAY CAPABILITIES

Supports plug and play mirroring for iOS and Android devices. Also supports native wireless display protocols for most popular OS, including Miracast, DLNA, and AirPlay Screen Mirroring.

Portrait Mode

Cast vertical content from mobile phone in full screen view

Fast speed-to-market development for Wi-Fi display support

We make it easy for partners to add wireless display features to products, using modular sockets and connections.

By adding a compatible socket in the PCB, it allows you to upgrade the product with wireless display in the future.

EZCast TX for HDMI to WiFi bridging

You can add EZCast TX products to transform any HDMI output into wireless signal for displaying onto the modules.

OTA firmware upgrade capability

An OTA update feature allows you to remotely update firmware with minimal impact on customer experience.

The module will keep itself up to date during normal operation.

QuattroPod Module

- 4K@30hz output
- Gigabit Ethernet interface
- 802.11ac 5Ghz 2T2R powerful WiFi module
- Split display up to 4 different sources
- Near site host control and far site control CMS system
- Airplay mirroring, Chromecast mirroring supported
- Support QuattroPod Tx 1-to-multi broadcast

HW Spec	
CPU	Dual Core ARM based CPU
DRAM	DDR3 1GB
Flash	NAND Flash 256MB
Internal Interface	SDM interface
Max. Output Resolution	4096x2160@30hz
External I/O	<ul style="list-style-type: none"> • USB type A (USB 2.0) • Ethernet • 2x WiFi antennas • Reset
WiFi	802.11ac 2T2R 5Ghz max. bandwidth 866Mbps
WiFi Frequency	5Ghz: 5.150Ghz~5.825Ghz
Bluetooth	BT for APK audio streaming (optional)
HDCP	HDCP1.4
Power Consumption	<ul style="list-style-type: none"> • Standby : 5W approx. • Casting : 12W approx.
Working Temp.	0~50°C with heatsink

SW Features	
Screen Share	Max. 4 Split Display
Near Site Control	Host Control
Far Site Control	Central Management Service Tool
Security	WPA2, WiFi Enterprise, Admin log-in
Screen Broadcast	QuattroPod Tx 1-to-multi
Transmitter Support	QuattroPod T01, T02, U01 and QuattroPod APK
Native Protocol Support	Airplay Mirroring Google Home mirroring Chrome browser mirroring
Ethernet	10/100/1000M
LED Indication	Power, WiFi, USB, LAN
Power	From SDM power pin, 12V/1A

AM8268C Module

- 1920x1080/60P output
- Wired and wireless display
- Designed for projectors
- WiFi connection always online

AM8269D Module

- 1920x1080/60P output
- EZAir, Miracast, DLNA, and Google Home Screen Mirroring
- Wired connection from iOS and Android smartphones

AM8271D Module

- 4K output
- EZAir, Miracast, DLNA, and Google Home Screen Mirroring
- Wired connection
- Chrome browser mirroring
